

Mode of Actions  
**"RiceberryBlend"**  
(proprietary-processed rice berry)

Raw material  
for optimal ATP production

ATP = Adenosine triphosphate  
\*molecule that transports cellular energy  
to places in the body, where cellular energy is needed

Enhanced Cellular Functions  
and Metabolism

Improved processes of  
1) detoxification, 2) repairing, 3) rebuilding

Minimized Degenerative Problems:-  
\* High Blood Sugar  
\* Cardiovascular Disorder  
\* High Blood Cholesterol  
\* Digestive Disorders
